

SUPPLEMENTAL EXAMINER'S AMENDMENT

Authorization for this examiner's amendment was given in a telephone interview with Mark Barrish on 1-26-11.

The application has been amended as follows (in order to alleviate typographical errors due to changes in the final claim numbering):

At the specification as filed, amend the first paragraph of page 4 as follows:

The object of the invention is to provide a multifocal intraocular lens and a method of designing for designing such, which overcome the drawbacks of the prior art devices and methods. This is achieved by ~~the methods as defined in claims 1, 40, and 81, and by the~~ multifocal ophthalmic lenses disclosed herein ~~as defined in claims 102, 103 and 140.~~

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William H. Matthews (Howie) whose telephone number is 571-272-4753. The examiner can normally be reached on Monday-Friday 10-6:30PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David J. Isabella can be reached on 571-272-4749. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
